

Statement by Mayor Greg Nickels on Boeing's decision on 7E7

"This is a moment to celebrate. I'm glad Boeing has decided to renew our marriage vows. My congratulations to the City of Everett, which remains the epicenter for jobs that benefit all of Puget Sound. Together, we will write another chapter in aviation history. We pulled together to remind Boeing that this is the greatest place in the world to design and build jet airplanes. We have a great team. Let's continue our work to create jobs and improve the transportation system."
